fold

Pocket Tracker

Where does your money go?

Instructions

1. Use this tracker weekly, or payday to payday.
2. At the top of each column, enter the amount you plan to spend in that category.
3. Every time you make a purchase, record the amount in the appropriate column.
4. At the end of the tracking period, add up the amounts entered in each column and enter the total next to the dollar sign at the bottom of the column.

Now that you see where your money goes, can you cut back in any of the categories?
